

## **MSR Financial Incentives**

To encourage members to improve their riding skills and to better understand what to do in case of a medical emergency, the Club offers two financial incentives:

### **1. Rider Training**

The Club will subsidise accredited rider training (not track days per se) to the value of \$50 on production of a certificate of completion or equivalent.

### **2. First Aid Training**

The Club will pay the full cost of an accredited motorcycle First Aid training course on production of a certificate of completion, or equivalent. This offer is open to active motorcyclists (three or more MSR rides a year, COVID depending). Application for financial support must be vetted by the Committee prior to attending the training course to ensure the training is motorcycle related and hence is a reasonable investment of member funds and will benefit the membership.
